Waimumu

A big thanks to all those who helped out at the waimumu field days was a great success, we had a huge amount of people thru the tent, especially at the lunchtime bbq

Quote of the day: IF YOU MARRY A SOUTHLAND GIRL

The first man married a woman from AUCKLAND .. He told her that she was to do the dishes and house cleaning. It took a couple of days, but on the third day, he came home to see a clean house and dishes washed and put away.

The second man married a woman from WELLINGTON .. He gave his wife orders that she was to do all the cleaning, dishes and the cooking. The first day he didn't see any results, but the next day he saw it was better. By the third day, he saw his house was clean, the dishes were done and there was a huge dinner on the table.

The third man married a girl from SOUTHLAND. He ordered her to keep the house cleaned, dishes washed, lawn mowed, laundry washed, and hot meals on the table for every meal. He said the first day he didn't see anything, the second day he didn't see anything but by the third day some of the swelling had gone down and he could see a little out of his left eye, and his arm was healed enough that he could fix himself a sandwich and load the dishwasher. He still has some difficulty when he urinates.

Guy goes into a bar, there's a robot bartender.
The robot says, "What will you have?"
The guy says, "Martini."
The robot brings back the best martini ever and says to the man, "What's your IQ?"
The guy says, "168."
The robot then proceeds to talk about physics, space exploration and medical technology.

The guy leaves, but he is curious...So he goes back into the bar.
The robot bartender says, "What will you have?"
The guy says, "Martini."
Again, the robot makes a great martini gives it to the man and says, "What's your IQ?"
The guy says, "100."
The robot then starts to talk about Nascar, Budweiser and John Deere tractors.

The guy leaves, but finds it very interesting, so he thinks he will try it one more time.
He goes back into the bar.
The robot says, "What will you have?"
The guy says, "Martini," and the robot brings him another great martini.

The robot then says, "What's your IQ?"
The guy says, "Uh, about 50."
The robot leans in real close and says, "So, you still shooting a ..270.....?"
