** Information from individual reports submitted by hunting parties.

About 25 % of parties return permits. While we would like 100% compliance, the reports of hunter effort are remarkably constant.

Average 8 deer seen per party

Average 2 deer shot per party

One deer seen every 2.5 days hunting

One deer shot every 10 days hunting

One deer killed every 4 deer seen.

A spreadsheet of yearly returns can be available on request.

Hunter returns can now be completed online at <http://www.southlanddeerstalkers.org.nz/hunter-returns/>
